# INTRODUCTION

The Commercial Horticultural Association is the British trade association for manufacturers and suppliers of plants, products and services to commercial horticultural growers covering the ornamentals, fresh produce, amenity and landscape sectors.

In partnership with Department for International Trade, CHA is proud to introduce the British group at GreenTech 2018. New exhibitors, products and technologies and the latest industry developments will be on display over two main pavilions **10.111** and **10.110**. We invite you to visit for a warm welcome and further details about these companies, other British suppliers and the British horticultural sector.
